THE LATE MISS BAXTER.

TE the undersigned baving been designated VV by the late Miss Baxtes to take charge of her Estate and to make such arrangements as we might deem necessary in regard to the LTAN & SAMS. Orphans and their Children whom she had from time to time received under her protection, take the earliest opportunity of placing before the community the position in which we found the setate and the measures we have adonted. It was evident to us on enquiry and examination that the number of Children congregated in Miss Baxter's two Houses in Bonham Road, was too large and the recourses at her disposal too limited to admit of the Children being properly accommodated, fed, clothed and educated." It was accordingly decided to reduce the num her of Girls and Boys to within such a reason-

to all retained. In the relection of the Children to be so retained we were careful to thew a preference to those who had been the greatest source of solicitude and anxiety to the late Miss BAXTER. As a temporary measure and pending communications from the Friends of Miss. HAXTER in England, it has been arranged through the kindness of the Committee and Trustees of the Diocesan Native Female Training School, that the Girls be received into the unoccupied portion of their Building under the care of Miss. Oxtan, we guaranteeing to hold the institution free from all expenses attendant upon the arrangement. The Boys retained have in a similar manner Paul's College under the care of Miss Houst recently arrived from England.

The School Master and his Wife, also lately arrived, were sent back to England by the mail Steamer of the 29th July These measures enable us to surrender the two. School Houses this day and thus to effect a Baying of about \$213 per month in School Master's Salary, House Rents and Taxes, besides many other expenses incidental to a large Establish-In regard to the funds for chirving out there arrangements, we regret to say that although the utmost economy has been exercised, there is, after expending all the available monies, a deficion-

ey of \$1105.18. ... so deservedly respected, so deeply lamented and settled by him. and reli-denial. JAMES LEGGE. D. D.
